Select #: AL0158994

FPM LISA ANN ASPLIN

Topic: Weight and Balance

Speaker: Dave Swartz, Senior Engineer, ANC Aircraft Certification Office FAA

Description: Weight and Balance issues are a factor in many accidents in Alaska. We will summarize 4 recent accidents in Alaska where this was a cause. Also there will be discussion on how the envelope is developed and why the limits are where they are. Information on helpful apps for your phone to use.

Topic: Transport Canada

Speaker: Chris Mathews, DPE, Wright Air Service

Description: A comparative between the United States and Canada. What can we learn from each other and some major differences you should know about.

Directions: Classroom

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice.
